

## A DIVISION ABOVE THE REST

**SINCE 1987**, Multicell Packaging has designed, developed, manufactured and distributed box partitions to a variety of industries. Our individualized designs are competitively priced. All orders are custom manufactured, so your project will receive individual attention from our knowledgeable staff. All of our chipboard and corrugated partitions are manufactured in our facilities in Georgia and Pennsylvania, so you'll receive consistent, on-time delivery.

# RELIABILITY

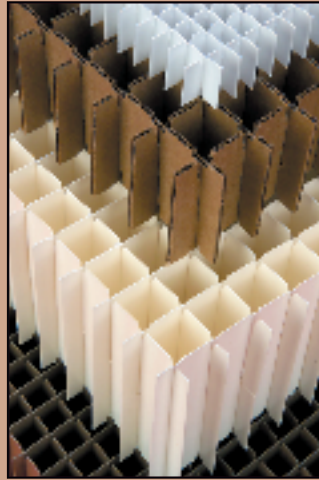

The clock starts ticking the minute your order is placed. Our custom-designed and built manufacturing equipment allows us the versatility and speed needed to service your demanding delivery schedules. You'll get:

- **Quotes in 12 hours or less on all standard items.**
- **Samples available in 24 hours.**
- **Orders shipped within 5 – 10 working days.**
- **Delivery in 2 weeks or less.**
- **Updated status reports on your current order within an hour.**

Our job isn't complete until the project reaches your door. We use the most reliable trucking companies available to ensure you are given on-time delivery.

# COMMITMENT

## TO DESIGN

- **FREE** prototype samples for test shipments.
- **FREE** overnight sample deliveries when necessary.
- On-site transportation simulation, vibration, and drop-testing capabilities (uncertified testing).

## TO CUSTOMER SERVICE

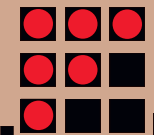

At Multicell, we realize that every good business decision requires fast, accurate answers. Multicell is large enough to fulfill all your interior packaging requirements, yet streamlined to react quickly.

## TO SAVING COSTS

We consider it an obligation to offer design suggestions and solutions that result in cost savings for our customers. These solutions provide both cost savings and thorough product protection. Our design team has years of experience and trademark designs to draw upon when creating our customers packaging.

Our two plant locations in Georgia and Pennsylvania guarantee you consistent, on-time delivery.
